PROFILE

With the blended experience of education and aviation, I'm passionate about solving problems and always pay close attention to details and communication. Inspired by Women in Tech, and driven by the desire to bridge the disconnection between aviation learners and aviation training providers, I started my coding journey to build useful applications in service of others.

SKILLS

Fluent: React.js, Node.js, Express.js, JavaScript, HTML5, CSS/SASS, Tailwind, Rest APIs, Git, Document Object Model(DOM) APIs, JWT

Proficient: Mongodb, MySQL, User Authentication, OAuth, Object Store / Blobstore, TypeScript, Next.js

Some Experience: Firebase, Jest, Enzyme, Material UI, Python, AWS

PROJECTS

4Forces | Full stack | Aviation Social and EducationalApp
https://github.com/hnslyswhy/4Forces

React.js, Web API, Axios, Sass, Node.js, Express.js, Helmet, Morgan, Mongodb, Object Store(Digital Ocean)

4Goods | Full stack | Social Good App | Black Wing Hacks 2022
https://github.com/hnslyswhy/4goods-hanckathon-group-project

React.js, Google Map API, Sass, Node.js, Express.js, JWT Token, Mongodb, Cloudinary

Launcheruu | Full stack | Project Countdown Appy
https://github.com/hnslyswhy/launcheru

React.js, Node.js, Express.js, Axios, Sass

EDUCATION

BrainStation | Diploma, Web Development
OCT 2021 - FEB 2022, VANCOUVER, CANADA

University of British Columbia | Master of Educational Technology
SEP 2021 - PRESENT, VANCOUVER, CANADA

Liaoning Normal University | Bachelor of Arts in English Education
SEP 2009 - 2013, DALIAN, CHINA, GPA:3.8

EXPERIENCE

Project Manager | Langley Flying School
2018 - 2021, LANGLEY, BC, CANADA

- Successfully launched a university credit transfer program by applying skills in planning, documentation, and organization;

Pilot | Ameriflight
